Program

SESSION 4: ECOSYSTEM-SOCIAL INTERACTIONS IN THE COASTAL SEA

Man OO Nav	LITO 00:00 40:45. Olials to final years level times	
Mon 22 Nov.	UTC 09:00-13:15 Click to find your local time	
Co-moderators	Su Mei Liu and Suvaluck Satumanatpan Welcome and Introduction	
09:00 - 09:05		
Keynote speech		
09:05 - 09:25	Ratana Chuenpagdee	
00.25 00.45	Governing the ungovernable: Challenges in governance of coastal seas	
09:25 - 09:45	Juying Wang	
	National strategy research for climate change adaption in the ocean coast in China	anu
Oral presentatio		
Oral presentatio 09:45 - 09:57	Qinhua Fang	[S4-1]
09.45 - 09.57	•	[34-1]
	Marine spatial planning evaluation: An Ecological Vulnerability Index	
00.57 10.00	perspective Minghae Chan	[64.2]
09:57 - 10:09	Mingbao Chen	[S4-2]
	Temporal and spatial evolution and influencing factors of land-sea social-	
10:09 - 10:21	ecological system Andrew Allison	[64.2]
10.09 - 10.21		[S4-3]
	Creating space for expression of knowledges when managing for cur	nuiative
40.04 40.00	effects in coasts and oceans	[[] 4]
10:21 - 10:33	Anoop Das	[S4-4]
	The indigenous traditional knowledge and sustainability: A case stud	y from
10.22 10.45	the Kerala Coast of India	[64.5]
10:33 - 10:45	Dhanya Kandarattil	[S4-5]
40.45 40.55	Livelihood diversification among the fisherfolks of Kerala Coast of Inc	ııa
10:45 - 10:55	Break Kanalanan Kananadata	[64.6]
10:55 - 11:07	Kamalaporn Kanongdate	[S4-6]
	Responsible consumption and production embedded in the Thai mar	ine
44.07 44.40	shrimp farming certification programs	[64.7]
11:07 - 11:19	Jarina Mohd Jani	[S4-7]
	Making a case for community-based artificial reefs management for t	ne
11.10 11.01	sustainability of coastal fisheries resources and livelihoods	[C 4 0]
11:19 - 11:31	Ming-An Lee	[S4-8]
	Fishery-based adaption to climate change: The case of migratory spe	ecies
11:31 - 11:43	grey mullet in Taiwan Strait, Northwestern Pacific Arkaprava Mandal	[64.0]
11.31 - 11.43	•	[S4-9]
	Tracking the ecological health of a mangrove ecosystem from the Northern Indian Ocean - Applicability of benthic foraminifera as bioproxy	
11.12 - 11.55	Hui Liu	[6/ 10]
11:43 - 11:55		[S4-10]
11:55 - 12:07	Status and perspectives on mariculture spatial planning and implementation Roshni Subramaniam	(S4-11
	Ecosystem modelling to support decision making for the coastal South-West	
	Pacific (Eastern Australia)	
12:07 - 12:17	Break	
· - · · - · · ·		

Jiayu Bai & Kailei Zhu	[S4-12]		
Review of Fukushima nuclear contaminated water discharge event:			
International law analysis and stakeholders' response Mohammed Bouchkara	[S4-13]		
Study of morphodyanmic changes along the lagoon of Oualidia (Musing bathymetric data	orocco)		
Beatriz Casareto	[S4-14]		
Community structure and rearing experiments of the Shrimp <i>Lucei</i>			
lucens Hansen 1922 (Crustacea, Decapoda, Sergestidae) (Sakura			
Suruga Bay	CDI) III		
Kai Chen	[S4-15]		
Evaluation of marine ecosystem services in China based on meta-			
Xiaokun Ding	[S4-16]		
Seasonal variations of nutrient concentrations and their ratios in th			
Bohai Sea			
Nouhaila Erraji Chahid	[S4-17]		
Hydrodynamic and morpho-sedimentary modelling of the Moulay			
Bousselham lagoon and their impact on the socio-environment: Application			
to the study of "Fishing" and "Agricole" practices			
Mohammad Saydul Islam Sarkar	[S4-18]		
Integration of the socioeconomic status into MSP-theoretical aspect	cts and		
recommendations for Moheshkhali Island			
Faddrine Jang	[S4-19]		
Increased transfer of trace metals and Vibrio sp. from biodegradab	le		
microplastics to catfish Clarias gariepinus			
Yerkenaz Karibayeva*	[S4-20]		
Caspian Sea: Isolated, yet mutually engaged			
Hyun-Woo Kim	[S4-21]		
Fish biodiversity survey in Korean waters using environmental DN. Elsa Cordelia Durie Lambat	•		
	[S4-22]		
A community-based qualitative vulnerability assessment tools for r	ivers in		
dovoloning participatory recogned to land use changes			
developing participatory response to land-use changes			
Shanshan Li	[S4-23]		
Shanshan Li Source, composition and reactivity of particulate organic matter alc	[S4-23]

^{*}Attendance unconfirmed

Matt Roberts [S4-30]

The potential value of establishing Oyster Shell Recycling (OSR) programmes.

Huiying Sun [S4-31]

China's coastal ecological restoration policies: Evolution, problems, and proposals

Chika Suzuki [S4-32]

Elucidation of incentive structures for researchers to focus on coastal ecological conservation activities and promotion of industrial use of the ocean

Wenqi Xu [S4-33]

Effects of integrated multi-trophic aquaculture on the nutrients and phytoplankton size structure in Sanggou Bay

13:01 - 13:15 Discussion and Conclusions
